I as an american can not beleive that you keep harassing a company that has changed America for the better. It hasn't hurt anyone, but today in our justice system we allow everyone to sue everyone. Its all about money money mnoey, 1st it was one lawsuit, then another,now everyone wants to get in on the pie,because they know microsoft has the money and until they get their hands on it this will just keep continuing. LETS GET ON WITH OUR OTHER PROBLEMS IN THE WORLD TODAY AND LEAVE MICROSOFT ALONE. ENOUGH IS ENOUGH. THANK YOU ROSE MARIE SLIPKO

thank u and please confirm this email, have a nice day gordon
